HON. SHARAD PAWARJI

President, ADT, Baramati

It is a privilege to reflect on ADT's journey of excellence. Over the years, ADT has played a transformative role in empowering farmers and advancing agriculture at national and global levels through education, research, innovation, and entrepreneurship. The integration of advanced technologies, including AI, along with strong international collaborations, has positioned ADT as an emerging global hub of learning and research. As we move forward, we remain committed to advancing agricultural research and technology for the benefit of farmers and society.

I sincerely thank our faculty, students, alumni, collaborators, and stakeholders for their continued support in building a sustainable, future-ready agricultural ecosystem.

HON. RAJENDRA PAWAR

Chairman, ADT, Baramati

ADT's journey of over five decades stands as a testament to excellence built on Academia, Extension, Research, and Innovation. With a strong alumni network of over 6,000 professionals, ADT continues to contribute significantly to agriculture and allied sectors globally. This year, AI-driven initiatives in smart agriculture and technology transfers have strengthened our role as innovators. Global collaborations with leading institutions and industry partners further align our teaching and research with international standards. I sincerely thank to all and look forward to achieving greater milestones together.

KRUSHIK

Live Demos & Agri Expo

Krishi Vigyan Kendra (KVK) Baramati.

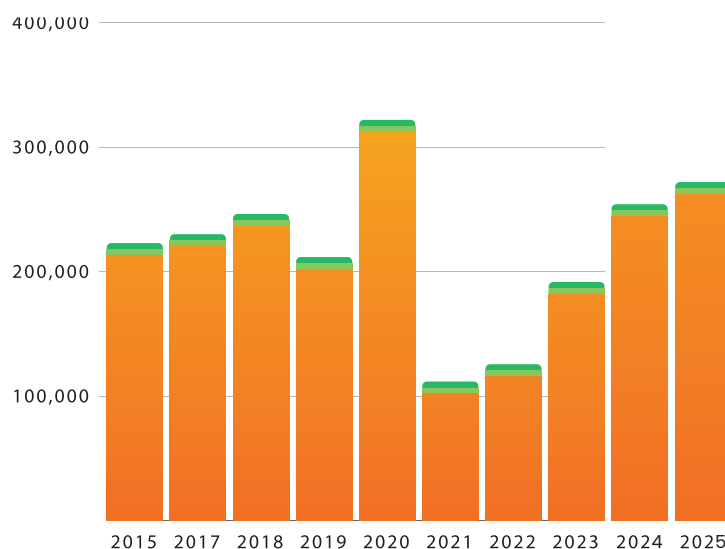

**Agricultural Science Center which is mainly known as
Krishi Vigyan Kendra**

The Agricultural Development Trust's KVK Baramati is a model, hi-tech, and international award-winning KVK of India, Working for the farming community for the development of sustainable agriculture from the last 33 years.

The aim of Krishi Vigyan Kendra is to reduce the time lag between the generation of technology at the research institutions and its transfer to the farmer's field to increase production, productivity, and income from the agriculture and allied sectors on a sustained basis. In order to achieve this goal, KVK conducts a variety of extension activities such as Krushik, Kisan Mela, Trainings, Study Trips, Field Days, Publications, TV & Radio Talks, Print & Social media etc.

The Krushik is the largest Demo & Agri-Expo benefiting the Agri-community & allied sectors.

PLAUDITS OF THE DIGNITARIES

Mr. Manoj Ahuja

Secretary, Department of Agriculture and Farmers Welfare (DA&FW), Government of India

KVK can serve as a role model by extending its reach to approximately 500 villages, positively impacting rural communities through its exemplary initiatives and transformative programs.

Dr. Himanshu Pathak

Secretary, DARE & Director General, ICAR

It is very impressive to see all of the activities of the knowledge centre. Especially the CoE India-Dutch Collaboration for the benefit of India's well-being.

Dr. Ranveer Chandra

Managing Director, Research for Industry Partner Manager, Networking Research CTO, Agri-Food

Witnessing the remarkable research and extension initiatives carried out by KVK was truly inspiring. Their diligent efforts have made a significant impact on numerous farmers across the state. I extend my heartfelt wishes to KVK for their future undertakings.

Dr. Ajit Jaokar

Course Director of Oxford University, UK

I am deeply honored and filled with a sense of pride to be associated with the Agricultural Development Trust, as we embark on establishing a Center of Excellence on Farmvibes at KVK, Baramati. This significant initiative represents a remarkable milestone, and I am privileged to contribute my efforts towards this esteemed organization

Dr. V. P. Vennugopalan

Associate Director, BSG Head, Nuclear Agriculture & Biotechnology Division, BARC, Mumbai

I & my colleague are extremely happy to have been able to visit KVK & interact with its scientist. The focus on technology is quite impressive. BARC would be quite happy to collaborate with KVK, Baramati for a wider dissemination of BARC technologies in the area of agri. & technologies.

Hon. M.Venkaiiah Naidu

Former Vice-President of India

KVK Agri. Development Centre is wonderful, very much impressed. This can be said to be Model KVK for all of the KVK across the country. Must visit for live knowledge, good work.

Hon. Nitin Gadkari

Minister of Road Transport and Highways of India

ADT's Krishi Vigyan Kendra, Baramati, in collaboration with Microsoft and Oxford University, has launched India's first AI-based Sugarcane Yield Enhancement Project, marking a new era in Indian agriculture. This smart technology supports multiple crops, enabling data-driven precision farming for higher productivity, sustainability, and farmer incomes. With strong collaboration among research institutions and universities, AI innovations can rapidly reach farmers' fields—driving smart, resilient, and future-ready agriculture.

Mr. N. H. Shivshankar Reddy

Ministry of Agriculture, Karnataka State

I have the occasion to visit KVK, Baramati & all the latest technology in agri. was showcased to expose the farmers, a very good centre of excellence in this respect. I wish such centres should be in many parts of the country for the benefit of farmers. Kudos to Hon. Sharad Pawarji & his brother Appasaheb Pawar for this.

Mr. Ashok Dalwai

CEO, NRAA & Chairman-Committee on doubling the Farmer's Income, Ministry of Agriculture & Farmers Welfare, Govt. of India.

My two days visit to KVK, Baramati has been a well time apart. KVK Baramati is an extraordinary agri. centre & is worth of a nation. The organization under dedicated leadership's acceleration & quick support from professionals, comfortability & devolved band of scientists has contributed to the agricultural transformation of the region.

Hon. Singireddy Niranjan Reddy

Ministry of Agriculture, Telangana State

It's a wonderful effort to establish & cater to the needs of the farming community with the highest standards & latest technologies. This KVK is a symbol of the farmer's glory. We are proud of it.

Mr. Yair Eshel

Agriculture Attache MASHAV, Embassy of Israel, New Delhi.

I am highly impressed with your facility & people operating it.

TECHNOLOGY VISITS BY EXPERTS

KRUSHIK

2026

Attraction

The Exhibition **SHOWCASES**

- Over 170-acre demonstration of improved crop technologies such as seed, fertilizers, and plant protection.
- Use of artificial intelligence(A.I.) for sugarcane production in new & ratoon crop. Trails of other crops such as onion, banana, pigeon pea are also experimented on AI tech.
- Introduction & demonstration of hydroponics technology, Vertical Farming, Aeroponics, growlight & Urban Farming.
- Robotics & Machinery Demonstration
- Homeopathy in Agriculture and Allied Science
- Irrigation, Intelligent, Automation, & Mechanisation.
- Farm of the Future under centre of Excellence on farmvibes
- Cutting-Edge Livestock Technology Advanced Dutch Dairy and Vegetable Technology
- Milk Production and Processing Technology
- Indigenous cow & buffalo breeds
- BioPROM production and use of organic slurry and other organic products
- Nutritional Garden, Biofortified Crops & Natural Farming
- Residue-Free Agriculture
- Agricultural Commodity Export
- Incubation centre of Millet Processing
- Precision Agriculture, Protected Cultivation
- Food and Fruit Processing, Supply Chain
- Startups and Innovation.
- FPO and SHG promotion
- Exotic Fruit Crop Introduction
- Innovative New Crops
- Aquaculture & Allied Fishery Technology
- Nano Technologies
- Robotics & Machinery Demonstration
